ORIGIN OF AN ICON

A legend forged in the world's wildest places, the Land Cruiser story spans eight decades and twelve generations. It began in 1951, when the 4x4 BJ prototype climbed higher up Mount Fuji than any land-based vehicle had previously managed. Dependable and unstoppable, Land Cruiser has challenged the impossible ever since.

1960: LAND CRUISER 40

For many the archetypal Land Cruiser, with its boxy, cab-back proportions and white roof, the 40's two-speed transfer case took off-road capability to the next level.

BACK TO ITS ROOTS

Inspired by the rugged authenticity of its ancestors, Land Cruiser embodies the spirit of adventure. A triumph of functional design, the expansive glasshouse, chamfered body sides and sculpted bonnet give superb visibility. Big, 20" wheels deliver visual impact and enhanced off-road capability, while the trapezoidal wheel arches drain mud quickly, for effortless progress in all conditions. Proud to be a Toyota, Land Cruiser features bold badging front and rear.

STYLE WITH STRENGTH

Inset from the corners of the body, the distinctive front and rear LED lights are protected from damage.

READY FOR ANYTHING

An ergonomic masterclass, Land Cruiser's versatile interior gives superb all-round visibility thanks to the high seating position, upright A-pillars and low, horizontal dashboard. Easy to use controls and clear displays give you the confidence to go further, while functional kneepads and grab handles deliver comfort regardless of the terrain.

CREATED BY CHAMPIONS

The controls around the gear lever were designed with feedback from Toyota's professional rally drivers, for an intuitive layout.

WILD OUTSIDE, COMFORTABLE INSIDE

Tame the world's most extreme environments from the comfort of Land Cruiser's protective interior, complete with three-zone air conditioning, touch-sensitive interior lighting and seats with both heating and ventilation. Spacious, with an uncomplicated, harmonious feel, this high-quality cabin delivers luxury with functionality. And whether you're crossing deserts or cruising the highway, the panoramic glass roof is made for cinematic moments.

YOUR OWN SPACE

Comfortable and refined whichever seat you're in, Land Cruiser offers all occupants independent air conditioning control.

TECHNOLOGY WITHOUT LIMITS

Elegantly digital, Land Cruiser goes above and beyond with Toyota's fluid user experience. Drive smart with the comprehensive Head Up Display and 12.3" combimeter, a fully digital cockpit display with customisable look and feel. Together with the accurate voice recognition and the cockpit controls designed to be operated without looking, they let you drive with your eyes on the road. And streaming media or setting a navigation destination couldn't be easier thanks to the bright and responsive 12.3" multimedia touchscreen.

SEAMLESS CONNECTIVITY

Land Cruiser thinks differently, with connectivity designed to enrich every moment. Bring all your favourite apps and media along for the ride with wireless Apple CarPlay and Android Auto™ compatibility.

ENHANCE EVERY MOMENT

Land Cruiser thinks differently, with technology designed to enrich every moment. A digital rear-view mirror provides clear, rear visibility regardless of obstructions inside the car. Connectivity is effortless thanks to wireless Apple CarPlay and Android Auto™ compatibility. And when it comes to soundtracking your adventures, the premium JBL® audio system, with its powerful amplifier and subwoofer, sets new standards for definition and clarity.

POWERED UP

For easy charging and connectivity, the cockpit features a wireless charging pad for your smartphone, and ports compatible with every device, including USB-C and HDMI.

SMART DIGITAL KEY

With Smart Digital Key your smartphone becomes your car key. Shareable with up to four other people, it works from your bag or pocket to unlock and start your Land Cruiser hands-free and securely.

MyToyota app COMPLETE CONTROL, WHEREVER YOU ARE

Connectivity doesn't stop when you leave the car. The MyToyota app is a powerful tool on the move. Secure your car from afar, locking the doors and closing the windows with Remote Control. Use Remote Climate to cool or warm the cabin ahead of a journey. And with Hazard Lights and Find My Car you can remotely flash the lights, sound the horn and see the car's location on a map, making it easy to find.

The engine start function of the Smart Digital Key will not operate if your vehicle is equipped with an additional immobilizer device and if the immobilizer key is not present inside the vehicle.

SPACE WITHOUT LIMITS

Within the tough, functional exterior is a practical, highly versatile space with seating for five, six or seven. Need to change it up? Fold the seats flat to create the space for any cargo, from camping equipment to surfboards, or use the roof rails to take advantage of the 100 kg dynamic roof load capacity. And with intelligent details, from power sockets to a power-opening back door, Land Cruiser has you covered.

ENDLESSLY ADAPTABLE

Maximising interior space is easy thanks to folding third-row seats and a second row that folds and tumbles for a fully flat floor.

3.

POWER WITHOUT LIMITS

Whether you're roaming the wilderness or cruising the highway, Land Cruiser's refined 2.8-litre diesel engine is ready for the next adventure. Smooth, with huge reserves of torque for linear acceleration, it won't let you down. Developing 204 hp and an impressive 500 Nm of torque, it drives through a new and highly responsive eight-speed automatic gearbox. The result is effortless on-demand performance the moment you need it.

2.8 L D-4D 8 A/T
Power **204 DIN hp**
Fuel consumption* **10,5-10,7 l/100 km**
CO₂ emissions* **275-281 g/km**

* Combined cycle.
A/T = Automatic transmission.

CONQUER THE UNKNOWN

Proven over decades and generations, Land Cruiser's quality and reliability are legendary. Built tougher than ever, the ultra-rigid G-AF frame and body structure excel in every area, from comfort and refinement to safety and agility. And thanks to Land Cruiser's ultra-stable handling, smooth power and easy hitching, towing couldn't be easier.

EFFORTLESS TOWING

With its strong torque, 3500 kg capacity and Trailer Sway Control for complete peace of mind, Land Cruiser can haul it all.

OVERCOME THE IMPOSSIBLE

Engineered to excel in extreme environments, Land Cruiser takes 4x4 capability to another level. All-terrain performance is assured thanks to its rigid platform and sophisticated, long-travel suspension. Stabiliser Disconnection Mechanism (SDM) delivers incredible wheel articulation, while the generous ride height and short overhangs provide the ground clearance to go where others fear to tread.

EXPAND YOUR HORIZONS

Easy to handle, the electronic steering delivers a smooth, refined drive on any surface. It reduces steering kickback on rough terrain and delivers confidence-inspiring precision on the road.

MEET EVERY CHALLENGE

Experience the joy and exhilaration of exploring the world's wild spaces, safe in the knowledge you have the perfect tool for the job. Synonymous with adventure, anything is possible with Land Cruiser's legendary go-anywhere capability. Multi-Terrain Select (MTS) optimises the unstoppable suspension and 4x4 powertrain to conquer any terrain, from sand dunes to snow, while Crawl Control maintains your pre-set speed so you can focus on steering and wheel placement.

ALWAYS IN CONTROL

Downhill Assist Control brakes smoothly on steep off-road descents to maintain a constant, controlled speed.

Toyota T-Mate

NEXT-LEVEL PROTECTION

Built tough and protected by layers of innovative safety systems, Land Cruiser is equipped with the latest generation of Toyota Safety Sense. It is packed with useful technology, including Proactive Driving Assist, which provides unobtrusive steering and braking support on twisty country roads.

PRE-COLLISION SYSTEM (PCS)

Pre-Collision System can detect and help you avoid collisions with other vehicles, pedestrians, cyclists and motorbikes. It works by alerting the driver with audio and visual warnings and brake assistance. If the driver doesn't manage to brake in time the brakes automatically engage to prevent or mitigate a collision. Additionally, Intersection Collision Avoidance Support and Emergency Steering Assist support in the day when turning at junctions and making evasive manoeuvres.

FULL-RANGE ADAPTIVE CRUISE CONTROL

Toyota Safety Sense's Full-Range Adaptive Cruise Control enables the car to maintain a constant speed without the use of the accelerator pedal, keeping a minimum, pre-set distance from the vehicle in front. If this distance falls, the system reduces speed to preserve the distance between the car and the vehicle ahead, applying the brakes and slowing to a stop if necessary. If the distance increases, the car will begin accelerating and/or slowing as required, until the traffic flow allows for a return to the pre-selected cruising speed.

EMERGENCY DRIVING STOP SYSTEM (EDSS)

Under LTA (Lane Tracing Assist) control, if the system detects no driver input for some time, audible warnings will alert the driver. If no further inputs are detected, EDSS brings the vehicle to a gradual stop while keeping it safely in lane. Hazard lights are activated to warn other road users, and doors are unlocked to allow emergency services easy access if required.

LANE TRACE ASSIST (LTA) – STEERING ASSIST (SA)

Using a camera sensor and millimeter wave radar, the Lane Trace Assist system uses either the lane markings on the road ahead or the driving path of the vehicle in front to estimate its position on the road. If the car begins to drift from the centre of the lane unintentionally, steering assist is applied to correct its course. Please note that the system can only be used when Lane Departure Alert as well as Full-range Adaptive Cruise Control are turned on.

Learn more about T-Mate.

DRIVE CONFIDENT

Working to keep you safe in the city, on the highway and in the wild, Land Cruiser is equipped with a range of advanced assistance systems, including Driver Monitor Camera (DMC) and Safe Exit Assist (SEA). Precision off-road manoeuvres have never been easier thanks to Multi-Terrain Monitor (MTM), which displays an unobstructed view of your surroundings on the multimedia screen.

MULTI-TERRAIN MONITOR (MTM)

MTM allows you to see the road around you, helping you stay on your intended course and avoid potential danger. The screen displays a choice of six live images from four exterior cameras showing your surroundings either side of the car, behind and in front of you, as well as underneath your vehicle. By simply pressing the multi-function switch on the steering wheel, you'll have an instant understanding of your surroundings.

SAFE EXIT ASSIST (SEA)

This system uses the Blind Spot Monitor radar to help prevent a collision between an occupant's opened door and a vehicle or cyclist approaching from behind. If there is a risk of a collision, indicators illuminate on the outer mirrors and multi-information display, the interior ambient lighting will turn red together and an audible buzzer will sound to alert occupants.

REAR SEAT REMINDER SYSTEM (RSRS)

This system alerts the driver if a passenger or object is left on the rear seat when leaving the car. The alerts will include: a warning in the cockpit meter and, subject to model, after locking the car, also hazard lamp and an audible buzzer will activate.

DRIVER MONITOR CAMERA (DMC)

This system uses a camera located above the steering wheel to monitor a driver's alertness and condition. A warning is delivered if the system detects an abnormal status, such as fatigue. These inputs are used to enhance the performance of the Emergency Driving Stop System (EDSS) through earlier detection of inattentiveness.

A selection of features is shown on these pages. Configure your vehicle to discover full T-Mate content.

MAIN FEATURES

- 18" Alloy wheels
- LED Headlamps with Adaptive High-Beam System
- Windshield de-icer
- Panoramic view monitor
- Refrigerated console box
- Toyota Smart Connect+ multimedia system
- Rear differential lock
- Multi Terrain Select
- Multi Terrain Monitor

Configure your
Toyota Land Cruiser.

PRESTIGE GRADE

Prestige stands apart with unique alloy wheel options, twin 12.3" screens in the cockpit and Multi Terrain Select (MTS).

**MAIN FEATURES
(ADDITIONAL TO PRESTIGE)**

- 20" Alloy wheels
- Leather seats
- Power adjustable passenger seat
- Heated and ventilated second row seats
- Digital rear view mirror
- JBL premium sound system with 14 speakers
- Head-up display
- Stabilizer Disconnect Mechanism

Configure your
Toyota Land Cruiser.

EXECUTIVE GRADE

Land Cruiser at its most sophisticated and exceptional off-road thanks to Stabiliser Disconnection Mechanism (SMD), with unique 20" wheels, heated and ventilated rear seats, JBL® audio, a head-up display and digital rear-view mirror.

Styling Packs

PACK 1

Hood deflector

Ideal for bad weather and country road driving. The deflector diverts spray, mud and stones away from the windshield..

Wind deflectors

Wind deflectors are custom designed to match the aerodynamic contours of your vehicle and work by diverting airflow to ensure that you and your passengers are not troubled by excessive wind movement and noise.

PACK 2

20" matt black machine faced alloy wheels (6-spoke)

Rear lower boot garnish

A touch of class along the lower edge of your car's boot.

Transport Pack

Cross bars

For use with your car's pre-fitted roof rails. The cross bars lock onto the rails and form a secure base for carrying a wide range of specialized attachments such as the Toyota Roof Box XL.

Toyota roof box XL

This streamlined storage box adds space for skis, snowboards, or anything else you might want to take with you on holiday. With a key that can't be removed until all locking points are closed and easy access from either side, it's safe and convenient too.

Detachable towing hitch

The vertical detachable towing hitch has a tough anticorrosion surface and is designed so that you can easily attach and remove the tow ball at your leisure.

Protection Packs

Side moulding with model name

Side mouldings provide your vehicle with an extra layer of protection to help guard the side panels against minor bumps and scrapes.

Rubber floor mat

Great looking, long-lasting mats to protect your car's cabin interior. Safety fixings hold the driver's mat firmly in place.

A WORLD OF COLOUR

From great deserts to spectacular forests, Land Cruiser's colour options have a strong connection to the natural world. Inspired by our planet's wild places, this stunning palette includes Sand, with its clear link to the Land Cruisers of the past.

YOUR COMPLETE PEACE OF MIND WITH TOYOTA

QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years or 30,000 km (whichever comes first). An intermediate check is necessary every year or 15,000 km.

LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

GENUINE PARTS

To ensure the quality of your Toyota, only genuine and approved components are used for your vehicle.

GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle*.

TOYOTA EUROCARE

Enjoy peace of mind driving with Toyota Eurocare roadside assistance in 40 European countries.

TOYOTA RELAX WARRANTY

Enjoy peace of mind driving with Toyota Eurocare Warranty for 10 years or 185,000 kilometres.

The Toyota Relax warranty starts on the day the manufacturer's warranty coverage ends, provided that the vehicle has been maintained in accordance with the manufacturer's requirements at an official Toyota dealership. The Toyota Relax warranty remains valid up to the next scheduled maintenance which is usually in 12 months or 15,000 km, whichever comes sooner. This is extended after each maintenance. You can get more information from your Toyota retailer and the maintenance intervals for your car can be found in the owner's manual.

* Check with your retailer for specific warranty details.
